

Introduction to Rules by Hole

The rules by hole # will focus on dealing with balls that land in penalty areas (red and yellow stakes) or balls that land in other junk (unwelcoming areas that are not penalty areas) on our Winchester course.

As a newer golfer or one who simply does not know some of the basic rules, this will help point out situations on our course that you experience every time you play. It's a good feeling when you know your options after you hit a ball into the junk. You will learn to apply the rules of golf to situations on our Winchester course.

If you are a seasoned golfer, there is also a more difficult or unusual situation at the end of each write-up that will challenge your knowledge of the rules.
