TIPS FROM TRACEY

Tee Box Arrival

Be ready at the tee box at least 5minutes before your actual tee time. Don't be that player that is still on the driving range at your tee time!

Around the Grounds
by Justin Saragueta, General Manager

Hello All,

As you all know by now the course will close on September 22 through October 6 to complete a comprehensive overseeding of the fairways and rough. A perenial ryegrqass will be used. When the course reopens on October 7 it will be cart path only until November 1 to allow the new grass to get firmly established.

Matt Johnson's Pro Thoughts
Competitive Golf

Play in the Club Championships & Couples Club Championships in 2026!
Why?.....
Competitive golf is about much more than simply trying to win. It gives golfers an opportunity to challenge themselves, learn how to perform under pressure, and become more confident in their abilities. Playing in competition also teaches you how to manage your emotions, stay focused after a bad shot, and make smart decisions when every stroke matters.
Most importantly, competition can make you a better golfer by showing you exactly where your game is strong and where you need to improve. Whether you win, lose, or simply play your best, every competitive round provides an experience you can learn from. Embrace the challenge, enjoy the opportunity, and remember—the more comfortable you become competing, the more confident you'll become on the golf course.
